

BUSINESS &
TECHNOLOGY
PROGRAMMES

FIND
YOUR
FUTURE

Why not kick-start your career with a Business & Technology apprenticeship at Unilever?

Working in a diverse, global business, you'll gain invaluable experience supporting world-class brands in areas such as Project Management, Administration and IT.

You can expect on-the-job training, formal development opportunities and dedicated mentoring. In return we'll expect your fresh perspective, hard work and ambition.

So, what are you waiting for?

“ I'M GIVEN TASKS THAT ALLOW ME TO FULLY EXPRESS MY INTEREST IN MARKETING AND BRANDING. I'M EXCITED ABOUT WHAT THE FUTURE HOLDS. ”

Jessica Campbell,
Business Administration Apprentice

THE ROLES

All our apprentices receive on-the-job and formal training and have a dedicated line manager committed to enhancing their careers. You'll be given opportunities to develop the skills aligned to your role and responsibilities to enable you to take control of your career.

BUSINESS ADMINISTRATION ADVANCED APPRENTICESHIP

You'll provide administrative support to our UK or Global teams. You could work in one of a variety of departments ranging from Brand Building (Marketing), through to Supply Chain, or Finance.

IT ADVANCED & IT HIGHER APPRENTICESHIPS

Supporting our IT teams across the UK you'll provide real time technical support and guidance to people from across our diverse organisation. Typical roles include Helpdesk Support Technician, IT Analyst, Software Developer or Web Developer.

The Higher IT Apprenticeship will provide you with the skills required to work almost fully independently at an IT Engineer level within the business.

PROJECT MANAGEMENT HIGHER APPRENTICESHIP

Specifically designed for individuals wishing to undertake a career as a project professional. You will provide support to one department that could include Customer Development (Sales), IT, or Communications.

SEE FOR YOURSELF RICHARD HARRISON, IT APPRENTICE

"Since joining the team I've taken part in global infrastructure maintenance and business projects, helping to ensure the security and stability of Unilever's IT estate worldwide."
