## COVID-19 VACCINATIONS

Dear parent/carer

Below is a message I have been asked to send to you from the Liverpool Immunisation Team regarding Covid-19 vaccinations for 12 to 15 year olds. Please read the information in the link carefully and fill in the form to say whether you consent to your child receiving the Covid-19 vaccination or not. Once the Immunisation Team has decided on dates and location of the Covid-19 vaccinations, I will pass that information on to you.

Can I thank you for your support on the re-introduction of masks? Your children reacted so well. For our new parents and carers, those who are exempt medically will have either a lapel pin badge and/or a card for their top pocket. The pin badge means that they will not be asked why they are not wearing a mask. You may have noticed your child returning with one of the badges from me yesterday!

As I always say, I am praying for the day when I do not have to write to you about Covid, but feel very blessed that I have such supportive parents, carers and students in our St Hilda's Family. You remain in our prayers too.

Dear Parents/carers

This autumn all children aged 12 to 15 years are being offered the first dose of the COVID-19 vaccination.

Vaccinating children should help to reduce the need for children to have time off school and to reduce the risk of spread of COVID-19 within schools. The COVID-19 vaccination programme in secondary schools will therefore provide protection to children who are vaccinated and help to reduce disruption to face to face education this winter.

Please click on the link below to see further information from the Immunisation team and access your child's electronic consent form.

We kindly request you could complete this before Midnight Sunday 26/09/2021 to support campaign planning
