

## Software Engineer Apprenticeships

London: £24,385

Manchester: £22,086

At the UK Intelligence Agencies, we protect the UK from a range of threats, including terrorism and espionage. It's fascinating work with real purpose. But to create the next generation of technology, we need the next generation of thinkers. That's where our degree apprenticeship comes in.

We offer individuals the chance to work with advanced software tech – earning while they learn. With a passion for tech, this course is perfect for someone coming straight out of secondary school or college. Based in either London or Manchester, apprentices will be surrounded by supportive, like-minded people. They could even be offered a full-time role at the end of the apprenticeship. So, if you know someone with a real passion for tech, we'll teach them the rest.

*The UK Intelligence Agencies (MI5/M16/GCHQ) are Equal Opportunities employers, committed to reflecting the society we protect. Our recruitment process is fair, transparent and based on merit. We particularly welcome applications from diverse and under-represented groups.*
